Dear Sir:

In response to the Notice to Comply With Requirements for Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures mailed on January 22, 2004, the undersigned hereby states that the content of the attached paper copy of the sequence listing and the computer readable copy of the sequence listing submitted in accordance with 37 C.F.R. §§ 1.821-1.825, in U.S. Application Serial No. 09/614,483, on June 25, 2001, and identified as 415072000110, are identical. The submission includes no new matter.

Applicants request that the Patent Office use the computer readable form of the sequence listing on file for U.S. Application Serial No. 09/614,483 in lieu of filing a duplicate computer

readable form in the instant application as the present application is a continuation of U.S. Application Serial No. 09/614,483.

Applicants request consideration and entry of the Sequence Listing paper copy and computer readable copy. Pursuant to 37 C.F.R. 1.77, please enter the paper copy of the Sequence Listing after the Abstract.

In the unlikely event that the Patent Office determines that an extension and/or other relief is required as a result of this statement, Applicants petition for any required relief including extensions of time and authorize the Commissioner to charge the cost of such petitions and/or other fees due to our **Deposit account no. 03-1952** referencing **415072000101**. However, the Commissioner is not authorized to charge the cost of the issue fee to the Deposit Account.

Respectfully submitted,
